**What is a StarID?**

The StarID is a username that replaces many login IDs with **one ID, one password, everywhere**.

You only need one StarID: you can use the same StarID across Minnesota State to log into many services like email, D2L Brightspace, and more. Change your password in one place — [starid.minnstate.edu](http://starid.minnstate.edu) — and it changes everywhere.
